letter from the board

We thank you in advance for your generosity as we continue to find solace and support one another through **COMPASSION** and solidarity. These prove, time and time again, human **DIGNITY** will triumph over human depravity. As will be etched in the center stone of the Memorial, we are “Defined not by a day, but instead by the **STRENGTH** within us.”

Within nine months of incorporation as a nonprofit, the Santa Fe Ten Memorial Foundation completed the concept design of the future Memorial where we hope visitors from across the nation will come to reflect and **REMEMBER** those we lost on May 18, 2018. The design process required thousands of hours of thought, **CARE** and planning as the Memorial is deeply personal to the Family Directors that serve on our board and individuals from the community and school district that were friends, classmates, coaches, teachers, or colleagues of the **TEN**. Although a challenging process, our focus never wavered in our core mission to **HONOR** the Ten.

The Memorial will stand in the **HEART** of Santa Fe on sacred ground where the families, survivors and community come together in interwoven, infinite loops symbolizing the everlasting

LEGACY and **LOVE** of the Ten. We are deeply grateful for the University of Houston Law Center's Entrepreneurship and Community Development Clinic (ECDC), the University of Houston Gerald D. Hines College of Architecture and Design Build Studio, and Jones Day law firm for contributing their time and expertise to help make our vision one step closer to reality.

Although great progress has been made, there is still much work to be done. The development of the Memorial will not be possible without engagement from the **COMMUNITY** as we partner with the families, individuals, businesses, and organizations to pursue our mission of building a lasting **TRIBUTE** unlike any other Memorial in existence.

For those that have experienced the loss of a loved one, there is a void in their lives that is palpable. Whether it is at school, at the dining table, or an important gathering -- it is evident there is an empty space.

The Unfillable Chair represents that absence. It is place where no one else can sit. It is a space that no one else can fill.

"I never want their names forgotten." -- SFHS student Chailyn Gillespie

"I will carry love for those we lost on May 18 in my heart for the rest of my life..." -- SFHS alumni Reagan Gaona

Five Santa Fe High School students and alumni from the Class of 2018 - 2021 designed The Unfillable Chair to be built as a precursor to the larger planned Memorial.

The students started the design process with each of their own renderings. They then met with members of the community, the Santa Fe Ten Memorial Foundation, family members, and professionals from National Signs to choose the best elements of each proposal and develop a final meaningful and elegant piece.

Gail stated the remembrance piece means to her, "I'm never going to be able to sit anywhere with my son again. I'm never going to have him sit down with me and tell me all the important details of his life."

Tisdale Family

Cynthia's daughter in law, Jennifer, and granddaughters, Kayla and Bailey, joined Santa Fe High School students at The Unfillable Chair on dedication day.

Skufca Family Foundation

Our most heartfelt thanks to Trustees Jack and Lynn Skufca for their generous contribution that helped fulfill the Santa Fe High School students' vision of remembrance and afforded The Unfillable Chair to stand before you today.

MEMORIAL.**

"There are moments in our history that are difficult to honor in design, Though the tragedy that inspired the memorial for the Santa Fe Ten is something one would hope never happens again, we are humbled and forever touched by the family and committee that allowed us to work with them."
-- UH student Hannah Hemmer

"Collaborating with our communities is core to our mission, This has been a transformative experience for our students and faculty who have worked alongside community leaders and families of the victims to design a lasting and inspiring memorial for the Santa Fe community." -- Patricia Oliver, FAIA, Dean of the UH Hines College

WE COME HERE TO REMEMBER

*AN ORDINARY SCHOOL DAY IN MAY.
A DAY OF HONOR FOREVER.*

SANTA FE TEN MEMORIAL

THE OVERALL SITE PLAN

After the tragedy, families, friends, survivors, citizens of Santa Fe, neighboring community members and all individuals impacted needed a thoughtful and respectful space for reflection. The journey of each visitors collective healing, remembrance and resiliency is captured in the overall plan of the Santa Fe Ten Memorial, which is intended to be built on sacred ground and visible from Highway 6.

The entrance to the memorial from the community parking lot will be marked by the identity bench on the left and donor bench on the right.

THE MEDITATIVE GROVE

One first enters the memorial through the Meditative Grove. The never ending loop allows one to enter the space intended for reflection, introspection, and to prepare oneself for entrance into the Sacred Space. Here, both the survivors and community come together in interwoven infinite loops that symbolize the everlasting legacy and spirit of the Ten.

“My hope is our Memorial allows visitors to see and feel how incredibly loved, special, one of a kind, and amazing each one of our angels were while they were here with us.”
-- Robin Treat, Angelique Ramirez’s mother

THE GEOMETRICAL PLAN

The base concept of the Memorial is designed from consecutive infinity loops representing timelessness.

THE GATEWAY

When you are ready to visit the Sacred Space, the path begins to narrow. Along the right of the wall, you read the dedication and the left will be inscribed with “We Come Here To Remember.” The break in the retaining wall marks the entrance. At this threshold, the date “May 18, 2018” is carved in stone inlaid in the ground.

THE CENTER STONE

The inspirational phrase “Defined not by a day, but instead by the strength within us,” was selected from more than 50 submissions and will be incorporated into the center stone of the Santa Fe Ten Memorial.

Santa Fe Ten Memorial renderings designed and provided by UH Hines College of Architecture Design/Build Studio graduate students.

THE SACRED SPACE

Ten monuments honor each individual lost and create a central void which can never be filled. As you travel through the space at your own pace, you will come to know the Ten that live on in the hearts of many.

THE RISING FEATHERS

Each concrete monolith encased by granite holds a uniquely shaped feather for each individual, which will be folded by the age and birthplace or hometown coordinates (in degrees latitude and longitude) creating a monument unlike any other.

THE PERSONALIZED AREA

Each of the Ten's monuments is adorned with personal memories from the families so that visitors will know more about each individual's life and how they impacted others with their kindness, compassion, and courage.

"The Memorial will serve as a place where the Ten will forever be remembered."
-- Rosie Stone, Chris Stone's Mother

Dear Megan,

On behalf of the National September 11 Memorial & Museum, I would like to offer our ongoing support as your community continues to heal from the horrific events that took place at Santa Fe High School in May of 2018.

Our community is well aware of the challenges of recovery after immense tragedy, and of the continued pain and devastation such senseless attacks cause for those directly affected. I hope that you all find comfort in the expressions of compassion and solidarity from across the country and around the world, affirming that human dignity will always triumph over human depravity.

In recognition of our shared strength, the 9/11 Memorial wishes to present the Santa Fe Ten Memorial with a Callery pear tree, grown from the seeds of the 9/11 Memorial's own Survivor Tree. The Survivor Tree is a living reminder of resilience, survival, and rebirth. It stood on the original World Trade Center Plaza, and on September 11, 2001, the tree was nearly destroyed. With time and care, it was nursed back to health, and today it stands as a symbol of strength and renewal at the Memorial, where it is seen by millions of people each year.

Through our Survivor Tree seedling program, the 9/11 Memorial annually donates these seedlings to communities like Santa Fe that have faced and overcome tragedy. The program launched on September 11, 2013, and we have thus far recognized 24 communities that have demonstrated resilience in the face of adversity.

I hope that the Santa Fe Ten Memorial will accept this Survivor Tree seedling into your community as a symbol of healing, just as the tree itself has been for New York City. My office will be in touch with your staff shortly to discuss further details. Please do not hesitate to contact me directly at [REDACTED], should you have any questions.

Very truly yours,

Alice M. Greenwald
